

2024 IEEE INTERNATIONAL CONFERENCE ON

Metrology for eXtended Reality, Artificial Intelligence and Neural Engineering

ST ALBANS - LONDON, UK / OCTOBER 21-23, 2024

Youth
Program

IEEE MetroXRINE

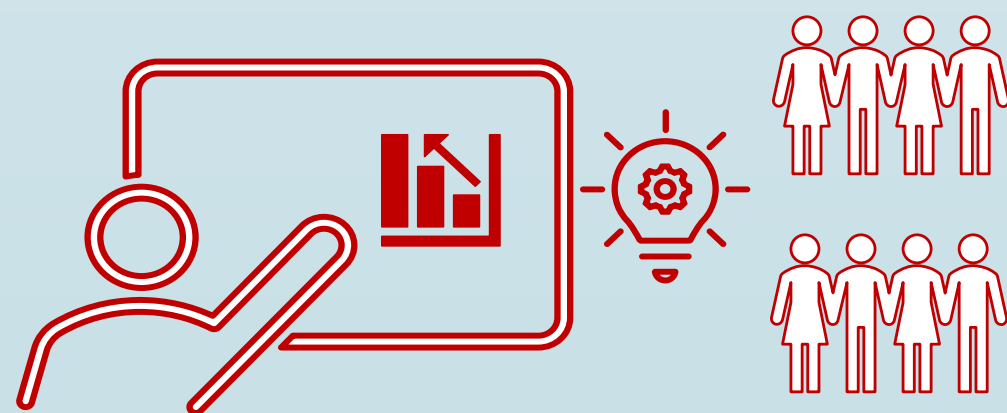

CALL FOR PAPERS

The **Youth program** is a double-event taking place at IEEE MetroXRINE 2024 targeting the conference's youngest attendees. Participating gives you the chance to win special prizes.

The first event is a **Contest** for Master's students, PhD students and young researchers (under 36 years old) who want to test their skills.

Stay tuned for updates on this event by [clicking here!](#)

The second event is the **Youth Forum**, a poster session where PhD students and young researchers will present their research themes and topics. This is an opportunity to exchange ideas with your peers, expand your networks and introduce your research to an international audience of students and researchers.

Youth Program Chairs:
Dr. Giuseppe Cesarelli

(giuseppe.cesarelli@unina.it/giuseppe.cesarelli@uniparthenope.it)

Dr. Leandro Donisi (leandro.donisi@unicampania.it)

and

Dr. Alessandra Angelucci (alessandra.angelucci@polimi.it)
